

*i Love
my
Wife*

Mrs. Fiduccia – Merry Christmas to us 2021. I would be lost without you and Ryan. I would be empty. You complete me. You complete the JARs. You complete our family. I am beyond blessed for everything you do to support me and my endeavors. You believe in me, you love me, you scratch me, and you cuddle with me. I hope I made you proud to be your hubby in 2021, and I hope my love for you continues to show itself in new ways as our years together progress. You are my one true love. Christmas is magical because of you and Ryan. I can't picture it any other way. Mega proud of everything you've done in 2021 for our family and to grow your business and to get your health back on track! WE LOVE YOU!!!!
